EDUCATION

Gyan Ganga College of Technology

B.Tech in Electronics and Communication Engineering

Jabalpur, MP

2022 – 2026

Vivekanand International Public School

12th Grade

Jabalpur, MP

2020 – 2022

TECHNICAL SKILLS

- **Programming Languages:** Java, Python, C++, JavaScript, Embedded C
- **Web Development:** React.js, Node.js, Express.js, HTML, CSS
- **Databases:** MongoDB, MySQL
- **Libraries & Frameworks:** Pandas, NumPy, OpenCV
- **Tools & Platforms:** Git, GitHub, Figma, IBM Watson, Microsoft Excel, Word, PowerPoint
- **Hardware & IoT:** Arduino, ESP32, ESP8266, GSM/GPS Modules, Sensors
- **Core Competencies:** Problem Solving, Team Collaboration

PROJECTS

- Smart Human Life Safety and Alert System for Vehicle Accident Victims May 2025
- Built a microcontroller-based accident detection system using Arduino, GPS, GSM, and various sensors.
 - Implemented LCD and button interface for user response to minimize false alarms.
 - Enabled real-time location tracking and emergency SMS alerts to predefined contacts.
- AI Academy | *AI, NLP, Quiz Bot, Chatbots, Javascript, Python* Sep 2025
- **Link:** [AI Academy Web App](#)
 - Built **AI Academy**, an AI-powered learning platform integrating Tutor Bot, Quiz Bot, mental wellness support, and an AI notes summarizer.
 - Designed to deliver personalized, stress-free learning by enabling instant concept explanations, interactive self-assessment, drag-and-drop note summarization, and contextual doubt resolution through in-page AI search—enhancing student engagement and productivity.

EXPERIENCE

- Clinic-GO Smart Clinic Flow Management System** Apr 2025 – May 2025
- Participant, IBM Granite Hackathon 2025*
- Developed a QR-based patient token system using Python and FastAPI.
 - Integrated IBM Watson Assistant for automated appointment booking and FAQ support.
 - Created a demo video showcasing complete user interaction and patient flow management system.
- National Groundwater Conditions Web App** Aug 2024
- Team Member, Smart India Hackathon 2024*
- Built a chatbot to deliver real-time groundwater data for Indian cities using custom APIs.
 - Designed a responsive front-end using HTML, CSS, and JavaScript for intuitive user experience.

CERTIFICATES

- **Certificate of Merit** – Secured 1st position in 2nd year (2023–2024).
- **CCNA 1: Introduction to Networks** – Cisco Networking Academy: Networking fundamentals, IP addressing, and router/switch configuration.
- **5G Technology Overview** – Certified by **BSNL & Ericsson**: Gained foundational knowledge of 5G architecture, use cases, and next-generation wireless communication.
- **Programming Certifications** – Cisco Networking Academy: Certified in **Python, C++, and JavaScript**, with hands-on experience in core programming concepts and practical implementation.
